4TH February 2008

BRIDAL EXPO IN MARCH 2008

JVG Events will be hosting a stall on March 16th and 17th at the Blush bridal Expo at the Perth Convention centre.

Located at stall 86b, Johanna and her team will be on hand to answer any questions you may have about organising one of the biggest events in your life.

Johanna comments, 'WA has some spectacular locations for weddings! I'm very excited about the possibilities WA have to offer to the wedding market. JVG Events typically only choose 1 or 2 weddings a year to organise - predominately because you do get more involved in these types of events more than others and it does become more like organising a wedding for friends - you want to do your extra best to ensure you create fantastic memories for them!'

The event will take place over two days.
